

AMA Introduces AI-powered Intelligent Report for Enhanced Productivity

Rennes, France – December 13, 2023 at 8am CET - AMA CORPORATION PLC (« AMA ») (ISIN GB00BNKGC5 – mnemo ALAMA), publisher and integrator of secure productivity applications designed for connected mobile workers, proudly unveils its latest innovation: Intelligent Report. This AI-powered XpertEye session recap automatically generates enriched meeting minutes, freeing users from this time-consuming task.

The integration of AI is set to revolutionize how data from XpertEye sessions, including video, sound, images, and chat messages, is synthesized, presented, and securely stored. Highly beneficial across various sectors, including manufacturing, pharmaceutical, audit, and healthcare, the Intelligent Report promises to enhance efficiency, knowledge sharing, and decision-making processes.

Key features of AMA's Intelligent Report:

- High-quality transcript: Experience detailed and accurate meeting transcripts, now with multilingual translation capabilities for universal comprehension.
- Video record: Access video recordings of meetings, enhanced with multi-lingual subtitles.
- High-value summary: Quickly grasp the essence of discussions with relevant summaries available in various languages, perfect for rapid reviews.
- Chat log: Gain full context of meetings through complete chat logs, capturing every exchange.
- Speaker timeline: Access individual speaker recordings and timelines, offering a focused approach to content review.
- Topics & Chapters: Leverage AI's ability to identify and categorize key topics, segmenting meetings into easily navigable sections and chapters.

Be among the first to witness this revolutionary AI technology in action. Schedule a live demo of the beta version now! The Intelligent Report will be available in the first quarter of 2024.
